## **DETAILED ACTION**

## Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim 1-11, drawn to planning for a restoration path prior to a failure occurrence, classified in class 370, subclass 216.
- II. Claim 12-19, drawn to selection of a restoration path subsequent to a failure, classified in class 370, subclass 228.

The inventions are distinct, each from the other because of the following reasons:

Inventions of group 1 and group 2 are related as a subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention of group 1 has separate utility such as planning for a restoration that may be implemented in a way different than specified in the invention of group 2. See MPEP § 806.05(d).

Telephone calls were made to Sam Dvoretsky on February 16-18, 2005 to request an oral election to the above restriction requirement, but examiner was not able to reach Sam Dvoretsky.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Roberts whose telephone number is (571) 272-3095. The examiner can normally be reached on M-F 8:30-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hassan Kizou can be reached on (571) 272-3088. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
